

IRIS Calling Chain

The IRIS Calling Chain is started whenever IRIS must be brought down on short notice for unplanned downtime. The **Systems Office** begins the calling chain by calling **TAS, Alexander** and **Douglass Libraries**, and **Administration**.

Access Services staff will also contact their local Reference Desks and Technical Services or Collection Support Departments. Call other units, listed to the immediate right below, before internal departments. After 5 p.m., talk with any evening staff member. If no answer, keep trying but also call the next library or libraries in the chain.

Systems 5-5896	TAS John Brennan 5-5908 or 5-0500 Mary Beth Weber
